- Ensure every child has health insurance
- Expand State Plan's Performance Measures
- Increase data for subgroups
- Remove the 90-day waiting period for youth switching from private insurance to CHIP in State regulations

**Data Sources:** Indiana Department of Correction, Indiana Department of Health, Indiana Department of Education, U.S. Census Bureau ACS Table B17004A - U.S. Census Bureau ACS Table B01001A - I. County Health Rankings, SAPE

**Important Data Reminders**

- Data and percentages were calculated using standard mathematical formulas.
- Data are based on different trinomials (i.e., calendar year, school year, and five-year estimates). Readers should check each indicator and data source to determine the reported time period.
- When a small number exists for a data source, data suppression may be used to protect confidentiality.
- Data collection and methodology vary among sources and agencies. When comparing data from different sources, readers are encouraged to understand the different methodologies of each source.
- Data presented may not be comparable due to different sources employing varying methodologies and sample sizes.
- Data from different surveys or questionnaires may use different definitions for data indicators. It is advised to review the original source methodology to understand their definitions.
